SAFETY CUTTING SOLUTIONS

Consider your safety requirements, cutting application, and environment when selecting a safety cutter.

At PHC & Klever, providing superior quality, high-performance safety cutting solutions to improve workplace safety and prevent costly merchandise damage is at the core of everything we do.

We have hand-selected our most popular safety cutters for use in your retail storefronts and backroom cutting operations.

CONCEALED BLADE

Recessed blade offers maximum user protection and reduces the risk of damaging goods.

The Original Klever Cutter™

Available colors

A compact safety cutter that features our proprietary plastic formula for enhanced durability!

Klever Excel™

Available colors

WIDE OPENING is ideal for up to double-wall corrugate and much more!

Disposable Film Cutter (DFC)

The most popular safety cutter for stretch wrap, film, tape and banding

REUSABLE-HANDLE, CONCEALED BLADE

Combines optimum safety with versatility. Mix-and-match replacement heads based on the cutting application.

Kleen® XChange™

Antimicrobial

WIDE: MULTIPURPOSE OPENING is ideal for up to double-wall corrugate and multipurpose use!

Klever XChange Plus™

Available colors

Replaceable head options make the XChange series ideal for high-usage areas!

GUARDED BLADE

Advanced safety technologies and multi-use features paired with robust designs provide long-lasting, versatile safety cutters for rigorous environments.

S5

USED IN MOST U.S. GROCERS
Delivers safe, quick and comfortable continuous cutting, minimizing hand fatigue.

QBAR

SMART AUTO-RETRACT TECHNOLOGY

A pressure-sensitive blade instantly retracts into the handle when the blade loses contact with the surface.

S8

Ambidextrous twist-body design fits all users while the steel safety guards help protect the user and reduce damaged merchandise.

Proudly manufacturing in the U.S.A. since 1950
